

March 20, 2019

Dear Valued Customer,

Everlube® Products is announcing a change to our minimum order policy.

Effective June 1, 2019, our minimum purchase order requirement will increase to \$200.00 for an order consisting of standard products. However, any product that is considered a custom product will now require a \$500.00 minimum purchase for that single line item.

Additionally, any international shipment will now require a \$500.00 minimum purchase order total.

All order minimums apply to product cost only. Testing fees or special packaging/handling fees will be added in addition to the required order minimums if required.

We were able to hold firm on our minimum order requirements for almost 20 years, but have found that we now must enact a change to the policy. Please continue to contact our customer service department at 1-800-428-7802 with any inquiries or [customerservice@everlubeproducts.com](mailto:customerservice@everlubeproducts.com) to place your order in writing.

Regards,

Steve Mills  
Operations Manager
